LOW VOLTAGE TECHNICIAN

Work, play, and live minutes away from beautiful Lake Tahoe!

Ready to enhance your career and gain top-notch experience while living just miles from beautiful Lake Tahoe with its beaches, hiking trails and ski resorts? Sierra Integrated Systems, a smart home and full-service high and low voltage integration company is actively seeking experienced low voltage technicians for the installation and service of high-end luxury residential home systems including Savant, Crestron, Control4, and Lutron. If you meet the job qualifications and are ready to become part of an incredible, growing, stable company and team, please send us your resume for consideration.

JOB SUMMARY: Duties include working in the field directly with customers to install and service new and retro high-end residential properties with products and systems to include low voltage wire/cable, network solutions, automation systems, shading and lighting controls, and Audio Video systems.

SCHEDULE: 40 hours per week, Monday through Friday

LOCATION: Reno, NV and Truckee/Tahoe, CA

COMPENSATION: Highly competitive salary and benefits packaging including paid time off, holiday pay, medical insurance, and a 401k plan.

MINIMUM REQUIREMENTS:

- Expertise and a passion for electronics and home automation
- Ability to read technical plans, specifications, and diagrams
- Knowledge of low voltage wiring for high-end luxury residential home systems and racks
- Ability to provide top-notch customer service, installations, and communicate with customers verbally, in writing, and in person
- Self-motivated and strong work-ethic
- Detail oriented
- Personal dedication to safety for all teams, always
- Highly professional demeanor with team members and residential clients
- Comprehensive work history and work referrals
- Experience with Outlook, Excel and DTools a plus
